

SOIL SCIENCE AUSTRALIA

Soil Science Australia SA Branch 2020 Annual General Meeting

&

SA Pioneers in Soil Science Lecture

10th December 2020

Each year the SA branch of Soil Science Australia honours an individual who has made a significant and lasting contribution to the field of soil science.

This year we are pleased honour the contributions of **Professor Rob Fitzpatrick** with a lecture from **Dr. Mark Thomas**.

Professor Rob Fitzpatrick's career has spanned over 4 decades, with a focus on pedology, regolith science, mineralogy, biogeochemistry, forensic science and land use planning. He has made a significant and lasting contribution to Soil Science and has been a pioneer in many fields, including acid sulfate soils, mineralogy and forensic science for soil and regolith.

AGM: 3 - 4 pm

Pioneer Lecture: 4 - 5pm

Followed by light refreshments and networking

Charles Hawker Conference Centre – Waite Campus

\$5 members || \$10 non-members

RSVP: sa.secretary@soilscienceaustralia.org.au

Please note the AGM and Lecture will also be available to view remotely via zoom – link will be sent to members in a separate email closer to the date.
